

## **Wedding Questionnaire**

Although, as DJs, we are admittedly biased, we do think it is important to thoughtfully consider the music you want played at your ceremony and/or reception. So, to help us prepare the music for your wedding, please take some time and respond to the following questions. Thanks!

Note: We are happy to offer suggestions for all music involved at the celebrations. Your responses simply help us tailor the music to your unique desires.

### **Reception**

Receptions typically involve dinner, toasts, and cake-cutting followed by dancing. The music for dinner is generally more mellow than the tunes for dancing.

What type of music would you like played during the reception?

Please list any specific songs you would like us to play during the reception dinner:

What song do you want for your first dance?

Do you want to have slow dances with your parents following the first song?

If yes, what song(s) do you want to have played for these dances?

What is your preferred type of dance music (funk, rock and roll, etc.)?

Please list any specific songs you would like us to play during the reception dance:

**Ceremony**

(Optional, as long as the reception is in the same facility as the actual ceremony.)  
Again, we are more than happy to offer recommendations if you need help thinking through these options.

What type of music would you like played before the ceremony?

Would you like us to play the processional and recessional? If so, please list specific songs you would like for this part of the ceremony.

Brides Maids' Processional:

Bride's Processional:

Recessional:

Thanks again for choosing us to celebrate with you. We look forward to the festivities. If you have any questions please don't hesitate to call or email Bennett at: (206)240-5545 | [groundswelldjs@gmail.com](mailto:groundswelldjs@gmail.com)
